

John Paul College
ROTORUA | NEW ZEALAND

INTERNATIONAL PROGRAMME PREMIER OPTIONS

INDOOR ROCK CLIMBING

Programme:

This sport can be enjoyed at Rotorua's premier Indoor Rock Climbing facility known as 'The Base' which is also the highest rock climbing gym in New Zealand. The local rock climbing club (also the largest club in New Zealand) is also based here. Safety measures are stringently monitored and audited and the venue regularly hosts the New Zealand Championships. An annual membership will enable you to practice and use the facility as often as you want.

Coaching

The main coach is Lossie Maafu who last year accompanied the New Zealand team to the World Championship. Other coaches are also available to assist.

Cost

\$250 will ensure you have unlimited access to the facility for a year. Gear is available but if you want to own your own harness and shoes, the outfit should cost about \$200. A day pass is \$12 and if needing coaching then you could join a coaching group for \$10 a session.

Additional Information

John Paul College has been well represented over the years at a national level and this year two of our students have achieved that excellence.

Besides meeting like-minded friends at the College, Club Membership of the Rotorua Climbing Club will also provide opportunities for you to enjoy climbing experiences in the outdoor.
