FROM THE SICKBAY

A reminder to all families with asthmatic or respiratory-problem students; with winter soon arriving, you could be eligible for a FREE Flu Vaccine to give protection against some flu strains. Contact your GP or GP's nurse to discuss your eligibility.

Buccaline Burna, available from the chemist, is also a good generic preparation to support students' immune systems against winter colds.

Please consider the options and encourage a healthy dietary intake of fresh fruit and vegetables and water intake, particularly at school, to help offset the winter woes.
