Dear Parents/ Caregivers

Kia Ora, Malo e Lelei, Talofa, Greetings

IMPORTANT INFORMATION FOR PARENTS/ STUDENTS – from the Guidance Counsellor: Text / Facebook Safety

The following information is with regard to Text / Facebook Bullying and Harassment.

Text / Facebook bullying can take a number of forms:

- Mean or offensive messages – received once or repeatedly
- Being bombarded by a large volume of messages
- Offensive or upsetting video or photo messages
- Threatening messages
- Persistent unwanted messages

Strategies if you get unwanted messages

- Do not reply. The sender may get bored and stop sending them
- If you do reply and want to make a complaint the telephone company may delay the process
- It is important to keep the unwanted messages on your phone and the number the messages were sent from. The date and time of the message is also important
- Talk to someone you trust, such as your parent/ caregiver, teacher or guidance counsellor at school or you can call 0508 NETSAFE – 0508 638 723. It is important to talk to someone so they can provide you with support and help
- If you receive a message, which threatens to harm you or your property, you should keep the message saved on your phone and go to your local police station, 3499 595. If you feel you are in immediate danger, call 111 straight away

Who can you call about unwanted messages?

NetSafe 0508 NETSAFE (0508 638 723). If you are a Telecom customer, you can call them free if the bullying persists on 0800 809 806. The short cuts for the voice menu are 1, then 2, and then 0. Hours Mon-Fri 9.00a.m – 4.00p.m

If you are a Vodafone customer, you can phone them free on 777 from your mobile or on 0800 800 021 from landline. The call centre is available 7 days from 8a.m – 8p.m

Things you can do to prevent text / facebook bullying

- Be careful about who you give your number to. Never give out someone else's number without asking them first
- Don't reply to texts from people you don't know. In some cases, bullies send out random texts and wait to see who responds.
- Think about whether something you are sending might make another person feel uncomfortable. It might be a joke to you but not for someone else. If it does not feel right for you do not send it.
- Be careful about who you invite onto your Facebook contacts. Never give anyone else your Facebook password or the opportunity to access your Facebook
- **A friendly reminder to John Paul College students**, if you are sending any unwanted messages to anyone during school hours or after school hours to anyone or any student, you are breaking the school rules i.e the Cyber Safety Agreement or ICT form you have signed to enter this school. Anyone who is sending text / facebook bullying messages or unwanted messages will have their phone confiscated and your parents/ caregiver will be notified. This includes if someone else uses your phone to send a text bullying message. If it is your phone it will be removed. Think carefully about who you are lending your phone to and what they are doing with it. The police will be informed and the telephone companies will also be notified of your actions. This can lead to your phone being blocked, as this is a criminal offence and you can be prosecuted. For any more information please check out the NetSafe web site www.netsafe.org.nz

ANOTHER SUCCESSFUL SHOOT FOR JPC SHOOTERS

Congratulations to Mitchell Slade who shot 2nd overall for the day at the Secondary Schools Claytarget Shoot held at Matamata on Thursday 13th. And well done to **Cameron Slade** who shot to 10th overall in the Single Barrel shoot off. A great effort by the Slade brothers who competed against 150 other secondary school shooters.

[NZ Vegemite Spelling Bee](#)

This year the bee moves to Year 9 and 10 students who love words and want to improve their vocabulary and spelling. The national winner receives a \$5000 prize. Any student around New Zealand can compete by sitting the *Top 100 Test* (a written test), using 50 words they have been studying from the 2013 study word list, and 50 words they have not seen. Test papers are marked and sent away. The results are used to select semi-finalists from around the country, who then advance to one of five regional Spelling Bees. Ours is in Hamilton. English teachers have information and word lists for their Year 9 and 10 students. Our written test will be held in Week 8.

If you would like copies of the information e-mailed out to you, please contact Ms. Thomas ruth.thomas@jpc.school.nz

Fun School Spelling Bees

In conjunction with the official NZ Vegemite Spelling Bee, JPC is holding a series of fun bees. Morgan Jones, Year 13, is providing leadership for this event and has gathered a team of academic mentors behind her to help run the fun bees. The first bee is for Year 7 and 8 this coming Thursday lunchtime. Next Tuesday (Week 7) there is a bee for Year 9 and 10. After this seniors will have their turn and ultimately a Staff Vs Student Bee is planned for the end of term. Competition is expected to be fierce!

YEAR 7 VISION TESTING

On the 25th June 2013, at 9am, the Lakes District Health Board Vision Hearing Technicians will be visiting JPC to carry out routine **distance vision** screening. All students in Year 7 are included in this as part of the National Screening Programme.

The screening test used checks **distance vision** only. It is **NOT** a full eye examination.

- The student covers one eye and reads letters from a chart at a distance of 4 metres.
- Boys also have a colour vision test.
- Parents will be notified of results by post, **only when** the screening results require further testing by an Optometrist or if the child needs to be re-tested.

We enclose an opt out form to go in your school newsletter prior to our visit.

NEWS FROM THE CAREERS DEPARTMENT

THE UNIVERSITY OF AUCKLAND HAS A NUMBER OF ENTRY LEVEL SCHOLARSHIPS FOR 2014 ENTRY.

The major scholarships available are:

- 100 University of Auckland Scholarships awarded for academic excellence, all-round ability and leadership potential of students wishing to enter a full-time undergraduate degree programme. The scholarships are for three years and pay tuition fees and \$2,500 per year for students in the Auckland region. For students from outside of Auckland the award covers tuition fees, \$5,000 and 2 fares home.

Applicants are assessed on the basis of their year 12 results. As a general guideline, applicants should have achieved NCEA Level 2 with at least an excellence endorsement or have achieved a UCAS Tariff of at least 300 or have a predicted IB score over 40 points. In addition applicants will have displayed leadership potential, all round ability and achievement in cultural and sporting activities, commitment to the wider community and motivation to attend a research-led university. In the past the University has awarded up to five University of Auckland scholarships to students at any one school.

- 44 University of Auckland Chancellor's Awards for Top Maori and Pacific Scholars, awarded for three years. The award is for tuition fees and \$2,500 per year; some students will be selected to receive accommodation payments in their first year instead.

Applicants are assessed on the basis of their year 12 results. In addition the basis of selection will be demonstrated cultural participation in Māori or Pacific contexts, all-round ability, leadership potential, motivation to attend and likelihood to succeed at a research-led university.

- 22 University of Auckland Alumni Scholarships awarded for academic achievement and financial hardship. The award is for the minimum duration of the Undergraduate degree programme and is valued at \$2,500 per year. Please can schools ensure that they only nominate **ONE** applicant to be considered for selection?
- 135 University of Auckland Jubilee Awards for academic merit, the potential to succeed at university and financial need. The award is \$2,000 each year for three years. Students would be expected to achieve a rank score of at least 200 in NCEA or CIE or 27 in IB on entering The University in addition to showing financial need.

To apply for a scholarship, an applicant will first need to apply for admission to the University at www.auckland.ac.nz, "Apply Now". After submitting their application, applicants will be able to apply for one or more entry-level scholarships. More information about the new online process will be available on the Scholarships website at <http://www.auckland.ac.nz/uoahome/for/current-students/cs-scholarships-and-awards>; click on the link for "Entry-level and first-year scholarships".

Please note the closing date for completed applications is **Wednesday 4 September 2013**. Referees' reports and other supporting documents must also be received by this date as late or incomplete applications cannot be accepted. This is earlier than the application closing dates for entry into university, so it's important for your students to remember this date.

ENCOURAGING YOUNG PEOPLE TO BUILD A BRIGHT FUTURE

Many young people feel confused, overwhelmed and fearful about subject and career choices. Help them to feel informed, confident and positive about who they are and the decisions they make. Tips taken from the book, 'Growing Hopeful Futures' by Joanne Ostler.

1. Help them to learn about who they are

By knowing more about who they are, their talents, their interests, their dreams, young people can make informed and confident subject and career path choices. Start with where they already are in their life - what they love to do, their talents, and their dreams – including their wildest dreams!

2. Know that there is probably no one single magic answer for the 'right' career

It is helpful to think about a general sense of career direction rather than one specific job destination. In reality, there is probably more than one well-matched career pathway for everyone.

3. Let your teen know it is okay and normal not to know what they want to be when they leave school

There are many possible and exciting career pathways out there and many people change careers direction several times. The world is changing fast and new careers are appearing that didn't even exist 10 years ago.

4. Let them know that not everyone else has it sorted

Teens are often really fast to assume that everyone else has it sorted. They don't!

5. Encourage your teen to talk to people working in careers that might be of interest

The real world connection is incredibly helpful. The rule of thumb is the more people we can talk to working in jobs that might be of interest, the better.

Joanne Ostler – Internationally qualified career coach and author of *Growing Hopeful Futures* – Everything you need to encourage the young people in your life to discover and build essential foundations for better career futures. Includes loads of tips, checklists, tools, activities, resources and information.
