## SCHOOL SPORT 2014 – BY THE NUMBERS (Year 9 – 13 only)

(\*Year 7 and 8 are not included in this census)

### “MORE & MORE STUDENTS WEAR SCHOOL SPORTS COLOURS”

Results from the 2014 NZSSSC School Sport Census shows a continuation of the trend of recent years, with 54% of students representing their school in sport in 2014, up 1% from the previous year. Garry Carnachan, Executive Director of NZSSSC said that *“While 1% seems a small increment, it actually represents more than 3000 extra students representing their school in sport since the previous year, and, since 2010 when the declining trend was reversed, the 3% increase equates to almost 10,000 additional students pulling on their school colours.”*

Perhaps surprising, but a particularly pleasing outcome in 2014, was that for the first time since 2000, the numbers of teachers supporting school sport through coaching, managing or officiating increased. After more than 15 years in slow decline, 35% of teachers provided leadership for school sport last year, up 2% on the 2013 figure. Mr Carnachan said *“We know student participation is closely linked to teacher support so to see more teachers involved is very encouraging. With international research and the results of the SportNZ Sport in Education project showing a strong connection between sporting participation and improved student achievement and engagement in school, including attendance and behaviour, it is exciting to perhaps see more teachers now recognising the benefits of getting involved with their students in school sport.”*

The traditional sports continue to be strong in schools with Netball and Rugby each attracting around 30,000 students and remaining stable in terms of numbers over recent years. Football, Basketball, Volleyball, Touch, Hockey, Athletics, Badminton and Cricket round out the top 10 in terms of numbers of students involved. “The traditional school sports remain very important to schools and students”, said Mr Carnachan, “however the changing nature of sport with so many choices now available to young people is reflected by sports such as Adventure Racing, Futsal, Mountain Biking and Orienteering all showing growth of more than 20% over the last 5 years”.

### JPC SPORTS PARTICIPANT CENSUS 2014

End of each year a Census is done for Years 9-13 only. All secondary schools nationwide are required to complete a census. The information is then tabulated onto a national database. Information is collated by Sports Code.

	JPC 2014	JPC 2013	JPC 2012		
School roll size	831	795	799		
# of female students	430	413	414		
# of male students	401	382	385		
# of school rep students	458	454	439	2014	2014
# of female school rep students	228	213	223	National	Bay of
# of male school rep students	230	241	216	Average	Plenty
% of students that are school reps	55%	57%	55%	54%	49%
% of female students that are school reps	53%	52%	54%	51%	47%
% of male students that are school reps	57%	63%	56%	57%	52%

**\*\*Students must have had a MEANINGFUL ENGAGEMENT in each sport\*\***

**By the numbers:** 55% of school roll is involved in some form of sport at JPC. JPC male students involved in sport dropped to 57%, compared to 63% in 2013. Girls had a slight increase of 1%.

**Teachers involve in sport, NZ average 35%, BOP average 31%, JPC 23%.**

Please Note: Teachers at JPC also look after Year 7 & 8 level sports, compared to other secondary schools.

Nationally Netball is the number 1 sport in NZ schools, followed by Rugby (2<sup>nd</sup>), Basketball (3<sup>rd</sup>) Football (4<sup>th</sup>), Volleyball (5<sup>th</sup>), Hockey (6<sup>th</sup>), and Touch (7<sup>th</sup>).

This year we have more teachers involved in sport, especially the major codes.

Netball (15 teams): TIC Natasha Rogers / Amber Van Dam / Conny Ludascher

Rugby (4 teams): TIC Tim Hounsell / Rob Macann.

Basketball (9 teams): TIC Arthur Faulkner / Charlotte Morris.

Football (12 teams): TIC Stephen Bloomfield / Tim Bell

Hockey (8 Teams): TIC Barb Northey / Judith Smallbone

There is a lot of work that goes on behind the scenes, just to get the teams on to the playing fields.

## Parent or Caregiver

### Code of Conduct for Sports at John Paul College.

As a supporter on the side line, your behaviour has a special role in the development of your child and their team mates. Your encouragement will do more to ensure good self-discipline than any other influence.

**While winning is important, playing hard, playing fair and having FUN is the essence of any game.**

#### **Support your child**

By giving encouragement and showing interest in the team.

#### **Always be positive**

Applaud good plays from both teams, only one team can win the game but both teams can enjoy the game without criticism from the sideline.

#### **Please remember you are not the coach or the referee**

Parents who articulate comments from the sideline often give inappropriate advice at the wrong time.

If there is any sideline instructions these need to be given by the coach only.

Remain well back from the sidelines and within the spectator area.

What you say before, during and after the game matters, keep positive and neutral.

#### **Demonstrate a positive attitude towards your opponents and their supporters.**

Make them feel welcomed, when it's a home game.

Opponents are not the enemy.

#### **Remember your child plays sport to have fun.**

It is your child playing, not you. Your child must establish their own goals- to play the game for themselves. They also need to learn to stand on their own two feet and build resilience in their own way.

As a coach, manager, parent or caregiver,

I realize this is a school sport and not the Olympic Games.

My job on the sideline is to represent my child and John Paul College in a manner that demonstrates fair play and good character.

I know I must not be abusive towards, the opposition, the referees or any officials.

I also accept that the coaches make decisions they need to, for the good of the team.

I will refrain from yelling out instructions from the side line.

If I have an issue with any decisions regarding my child I will contact the staff in charge of the sporting code at John Paul College and not question the coach on the sideline before, during and after the game.

I trust that the staff in charge of the sporting code will deal with any reasonable issue I have in an appropriate manner.

I agree that once my child has committed to a sport they will not withdraw after teams have been named and leave the team in a difficult situation. I will endeavor to have them at trainings and games.

I will help other parents remember these rules as sometimes in the heat of the moment we do forget.

## APPLICATIONS FOR THE HALLS OF RESIDENCE AT WINTEC STUDENT VILLAGE ARE NOW OPEN FOR 2016.

### WINTEC STUDENT VILLAGE - ACCOMMODATION

With Term One now behind us, high school students in Year 12 and 13 are starting to think seriously about their futures and their options for furthering their education.

I thought this would be a good time to send information out to prospective Wintec students about Wintec Student Village, accommodation dedicated to Wintec students in their first year away from home.

I strongly urge you to encourage all students who are thinking of coming to Wintec to consider staying at the Village. A hall of residence is a great place for first year tertiary students. It removes many of the hassles that are usually involved in making the transition from home to tertiary education and allows students more time to concentrate on their studies and extracurricular pursuits.

### APPLICATION FORMS ARE AVAILABLE AT:

[www.wintec.ac.nz/accommodation/village/Pages/index.aspx](http://www.wintec.ac.nz/accommodation/village/Pages/index.aspx)

**The first round closing date for applications is 5pm, Friday 30<sup>th</sup> October 2015**

Students interested in coming for a tour of the Village can make an appointment by calling us on 07 834 9224 or emailing [studentvillage@wintec.ac.nz](mailto:studentvillage@wintec.ac.nz) Parents and whanau are also welcome to join.
